Richard K. Brooks, III, Director
Cecil County Department of Emergency Services
107 Chesapeake Boulevard, Suite 108
Elkton, Maryland 21921
and
Various other recipients:

Dear Mr. Brook,

Please be advised that a temporary access road to the Huebner property (officially 586 Zeitler Road) has now been established and access to this property will be from Marley Road (just before it ends at the West Branch of the Laurel Run).

Closure of Zeitler Road will occur on Monday June 9, 2008.

Access via Zeitler Road across the Little Elk Bridge will be restricted to vehicles associated with the Environmental Protection Agency's clean up of the Elkton Firehole Site and related cleanup activities. (The weight limits of the existing Zeitler Road Bridge have been restricted drastically and this new Temporary access will allow for heavy vehicle access not only to the Huebner property but also to the Elkton Firehole site and for emergency vehicle access to the Richard Herron Property via the ford across the Laurel Run.)

To assist the Postal Service and for those who make deliveries new Postal Delivery Boxes (mailboxes) have been located at the juncture of Marley Road and Laurel Run Road next to the existing mailboxes.

We regret any inconveniences this may cause. Once approvals have been received we intend to begin construction of the replacement bridge on Zeitler Road across the Little Elk Creek and expect to reopen Zeitler Road once the construction on the new bridge is completed.

Thank you for your understanding and co-operation please feel free to call me with any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ed Carroll", is written over the "Sincerely," line.

Edward Carroll
